

Ministry/Charity Fundraisers

We are excited that God has given us the means to help your ministry raise funds for serving in His name. Here are some guidelines for having a successful fundraiser with us.

1. Your fundraiser must be affiliated with an established church or charity (non-profit).
2. Your organization receives 100% of the bowling and shoe rental proceeds during your scheduled time. Concession sales will go toward Grace Lanes operating costs.
3. Because we only plan one fundraiser a month, understand that your fundraiser, after approved, may be several months out.
4. Please don't announce your fundraiser until all details have been finalized.
5. Have one representative from your ministry present during your fundraiser OR have a "booth" set up with information about your ministry/charitable organization. This is a great opportunity for your organization to mingle with bowlers and share its purpose and vision.
6. If you can, please have your representatives wear name tags or clothing that identifies him/her/them with your ministry or home church/organization affiliation.
7. The bowling alley will be open to the community during your fundraiser event. This serves two purposes: 1. Maximum fundraising for your event, and 2. A family day for the community.
8. Regular prices for games and shoes apply.
9. Let us know if you want to reserve lanes and times for your church/organization members to bowl together.
10. At the end of the night, we will write your ministry a check for the total shoes and bowling sales.
11. If you create an "Event" on Facebook, please share it with us or add us as a "co-host". You are responsible for advertising your event, but we will do our best to help you get the word out.
12. Only Grace Lanes employees will be allowed to work behind counters.
13. Feel free to set up a silent auction or donation box but you must provide someone to monitor that activity. You will be completely responsible for that and/or any other equipment/materials.
